

2026 GROWTH CAPABILITIES

Your whole digital growth stack.

Brand, website, search, paid acquisition and conversion -
built to work like one commercial system.

Strategy / UI-UX / WordPress / Shopify / SEO / Google & Meta Ads

THE COMMERCIAL PROBLEM

Good work loses when the pieces do not talk.

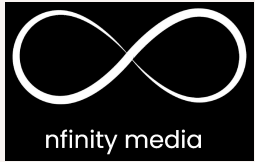

A beautiful site cannot rescue weak positioning.
Traffic cannot rescue a confusing offer. Ads
cannot rescue a landing page that leaks trust.

What clients feel

Too many vendors. Too many handoffs. Too much activity with
no clear commercial story.

What Nfinity fixes

We align the message, website, visibility, campaigns
and measurement around the same outcome.

A compact digital team built around clear thinking, direct execution and measurable growth.

What we connect

How we work

Diagnose first. Prioritize hard. Build visibly. Refine with evidence.

SELECTED CLIENTELE

Different rooms. Same job: make digital work harder.

From B2B and e-commerce to local services and consumer brands, the discipline stays the same: understand the customer, remove friction and build the next measurable advantage.

THE GROWTH STACK

More layers. One coherent bite.

Yes, the metaphor is cheesy. The commercial logic is not.

Each layer supports the next: positioning gives the website a job, the website gives search somewhere to land, and measurement tells us what deserves more fuel.

Paid acquisition

SEO + local search

Content + authority

Website + UI/UX

Tracking + CRO

Offer + business economics

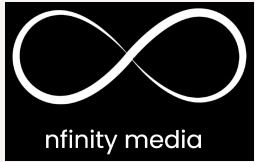

WEBSITE + UI/UX

Design gets attention. Structure turns it into action.

We build premium WordPress, WooCommerce and Shopify experiences around clarity, trust, speed and the next decision.

SEO + LOCAL SEARCH

Visibility that gets more valuable over time.

Technical health, search intent, content depth and local relevance move together - so discovery can compound instead of resetting every month.

Technical

Indexing, architecture, speed, redirects and structured data.

On-page

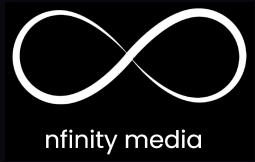

Intent, titles, hierarchy, internal links and conversion paths.

Authority

Connected topic clusters, useful resources and relevant signals.

Local

Service areas, Google Business Profile and market relevance.

GOOGLE + META ADS

Do not buy more traffic for a journey that does not convert.

Offer

A reason to care now.

Audience

Targeting matched to intent.

Creative

A message worth stopping for.

Destination

Landing experience, tracking and follow-through.

Campaigns earn the right to scale when the whole chain agrees.

HOW WORK MOVES

Clear enough to trust. Flexible enough to respond.

Understand

Goals, economics, audience, constraints and what success actually means.

Prioritize

The highest-leverage work goes first. Busywork does not make the roadmap.

Build

Hands-on execution across design, development, search and acquisition.

Improve

Measure what changed, refine the weak point and scale what earns it.

You see the roadmap, decisions and outcomes. We protect the operating detail that makes delivery work.

A PRACTICAL STARTING ROADMAP

From diagnosis to momentum.

01

Align

Business goals, baseline, access and the immediate commercial priorities.

02

Fix

Website friction, technical issues, tracking gaps and priority pages.

03

Build

Content, authority, local visibility and conversion improvements.

04

Scale

Expand the channels, markets and pages that prove they can move.

The plan is specific to the site and the opportunity - not a generic checklist forced onto every business.

WAYS TO WORK TOGETHER

Start where the business is. Build toward where it can go.

Foundation

\$1,500 / month

Focused SEO or website improvement: audit, priorities, core fixes and one clear growth lane.

Growth

\$3,000 / month

SEO plus website/CRO execution, content expansion, local visibility and disciplined measurement.

Expansion

\$5K+ / month

Multi-market, multi-service or higher-velocity programs with broader execution and senior oversight.

\$500 / week - progress as we go

\$38.99 / hour - no long commitment

Serious retainers are scoped after the strategy conversation.

YOUR NEXT MOVE

Book a focused Zoom consultation.

Bring the website, the goal and the question you cannot quite settle. We will identify the highest-leverage opportunity, what to fix first and what can wait.

What you leave with

A clearer diagnosis.

A practical first priority.

A sensible engagement path.
